

SIFF LEVA JENSEN
MULTIMEDIADESIGN
STUDENT

Birthday 22/09/1995

+45 6199 2077

siff-jensen@hotmail.com

Skills

HTML 100%

CSS 100%

JavaScript 100%

Adobe Creative Cloud 100%

SCSS 100%

REACT 100%

Figma 100%

Goals

My goal is to become a front-end developer with a keen eye for detail. I want to create exiting web-solutions with engaging and satisfying UI- and UX-design. I'm currently studying Multimedia Design at KEA - my 3rd semester is all about front end, and I'm eager to learn more and become better at every aspect of the front-end spectrum.

Education

Multimediadesign, KEA 2020 – NOW
Front-end design, UI- & UX-design,
JavaScript, HTML, CSS

Office-assistant, public administrations 2013 – 2014
Intern at Hvidovre Kommune
Administrative work, telephone service

Nørre Gymnasium, STX 2012 – 2015
5 A-level subjects

Experience

Shop assistent, part time 2019 – 2021
Bog & Ide, Rødovre Centrum

Intern at Hvidovre Kommune 2017 – 2019
Course in Assertive communication and
Conflict management
Course in Presentation techniques

Shop assistant, part time 2017
Orion, Rødovre Centrum & Field's

Shop assistant, full time 2015 – 2016
Orion Rødovre Centrum & Field's

About me

As a person, I'm outgoing, like to talk a lot and enjoy having company. I'm fine with working both individually and in groups depending on the task at hand. I'm curious and not afraid to ask questions, if needed.

Besides front-end design, I have a passion for photography, illustrations, and playing around with visual expressions. I'm still learning how to use the Adobe-programs in this aspect, but I'm slowly learning more and more. Personally, I love the combination of creativity and "nerdy" code.
